NEW HAMPSHIRE NATIONAL GUARD
TECHNICIAN PERSONNEL REGULATION
NUMBER 870

FEDERAL EMPLOYEES' GROUP LIFE INSURANCE

1. Effects of Active Duty and Active Duty for Training on Technicians' Life Insurance Benefits are indicated below:

(a) Insurance ~~terminates~~ on the date immediately before a technician's entry on active duty or active duty for training, unless the duty period is covered by military leave with pay. Insurance continues during periods of military leave with pay only, and is terminated on the day on which military leave with pay ceases. No insurance is provided during other periods of leave, such as annual, during which a technician performs active duty or active duty for training.

(b) When insurance terminates under the above conditions, a technician continues to have free Life Insurance protection (but not accidental and dismemberment) for 31 days thereafter.

(c) Insurance coverage is reinstated automatically on the day on which a technician returns to duty and pay status as a technician.

2. Return to Duty. To avoid gaps in life insurance benefits coverage, it is important that technicians return to technician duty and pay status immediately following release from active duty or active duty for training.
